

DIGITAL FACTORY ALLIANCE

**A Community for Digital Integration and
Data-driven Transformation**

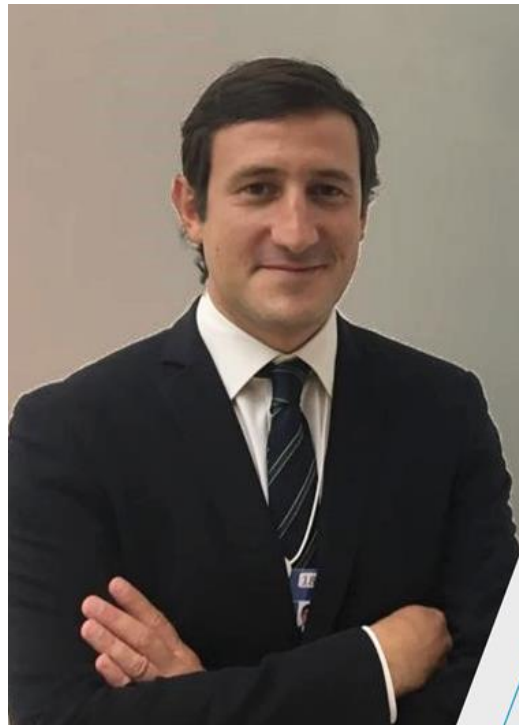

Digital Factory Alliance

Why a Digital Alliance

70%

Languish in Pilot Purgatory

“We look forward to working with **DFactory** on a number of initiatives, especially on giving our Global Lighthouse Network an immersive way of exploring and sharing the best practices implemented in factories across the world

Francisco Betti

Head of Advanced Manufacturing and Production, World Economic Forum

Digital Factory Alliance

Because Manufacturing Performance is a Matter of Intelligence

DFA Mission

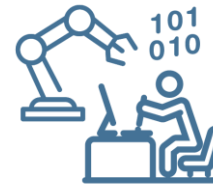

**An International
Trusted
Community**

**For Digital
Factories
Stakeholders**

**To Foster Knowledge
Sharing and Industrial
Collaboration**

**In Digital Integration
and Data-driven
Intelligence**

**For Smart
Rapid Response
in Manufacturing**

Digital Factory Alliance

Established: April 2021

Digital Factory Alliance Signing Ceremony

Oscar Lazaro
Managing Director
Asociación de Empresas Tecnológicas Innovalia

Dario Avallone
R&D Director
Engineering - Ingegneria Informatica Spa

Fernando Mediavilla Basabe
Head of Iberia Big Data & Security (BDS)
ATOS Spain S.A.

Collaborators:

Digital Factory Alliance

Benefits

Participate in our rapid response initiatives, steer your data-driven intelligence strategy and improve your resiliency and excellence in Zero-X Manufacturing

Gain visibility and connect your smart rapid response products, achievements and solutions globally

Qualify your digital rapid respond manufacturing capabilities and get ready to connect and collaborate with peers

Access timely to unique insights and selected reports on the most recent trends and smart rapid response technologies in manufacturing.

Organise and participate in our DFA events

Digital Factory Alliance

A Data-Driven Digital Factory Transformation

Trustworthy Lead Generation: End-to-End support to our own business and our members

Digital Factory Alliance

A Data-Driven Digital Factory Transformation

DFA TRANSFORMATION ASSETS

FLAGSHIPS INITIATIVES

See | Participate | Transform

- Large scale trials catalogue
- Zero-X Manufacturing
- Manufacturing Global Response

BODY OF KNOWLEDGE

Learn | Apply | Lead

- Practical digital blackbelt guidance
- 4Zero-X, 4Resilience, 4SMEs

INNOVATION CAMPUS

Inspire | Create | Innovate

- Hands-on digital experimentation
- Innovation catalogues

BUSINESS NETWORK

Network | Partner | Grow

- Business development
- Digital alliances
- Digital product & solution marketplace

Digital Factory Alliance

Rapid Response Flagships Initiatives

Factory

Zero-X Manufacturing Initiative

- Establish open, integrated and high-performance optimisation models for autonomous adaptation to manufacturing disruptions.

Ecosystem

Manufacturing Global Response Initiative.

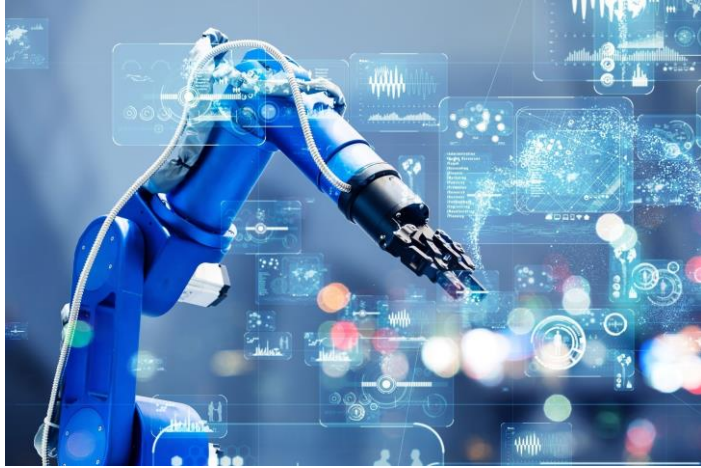

- Establish monitoring, preparedness and production repurposing networks for rapid response against value chains disruptions.

Digital Factory Alliance

Rapid Response Flagships Initiatives

Value

Lighthouse Digital Factory Initiative.

- Improve global visibility of rapid response digital manufacturing solutions (best practices) to reduce the stay in pilot purgatory.

Our Next Initiative

Digital Factory Alliance

A Data-Driven Digital Factory Transformation

How do I join?

- Register to the DFA and connect a Global Alliance.
- Grow a business network, invest in smart rapid response business opportunities and master Zero-X manufacturing and production repurposing best practices.
- Participate in our flagship initiatives & innovation campus to improve your resilience and productivity.
- Participate in or attend our regular events
